

THE PRODUCTION COMPARATOR STAND

The Dorsey E-1 comparator stand is specially designed for use in production and shop areas. The comparator stand has a large base and 3" throat clearance to give the user maximum flexibility for measuring various size pieces. The product is a companion to all of Dorsey's dial or digital indicators.

FEATURES:

- Rugged design - built to meet requirements for greater versatility in gaging equipment
- 6" x 5.88" base- greater work area
- 9" maximum gaging capacity
- 3" throat clearance - will accommodate various size parts
- Three point head clamping -- assures positive dial indicator support and reduces damage due to overtightening
- Portable from one location to another
- Recessed nameplate - provides area for shop identification labels
- Accommodates all AGD indicators - specially designed for use with all Dorsey indicators with a horizontal mounting lug
- Adjustment head can be locked and sealed for production applications
- Special applications: rests, nests and holding fixtures can be designed to meet specific part configurations
- Cast iron base and chrome plated column
