

UNIVERSAL GAGE- ID/OD/LOCATION

Dorsey's universal measuring gage was designed to combine our proven patented precision linear movement with a frame that accommodates a wide variety of contacts. This gage can precisely measure various internal and external dimensions such as diameters, grooves, splines, tapers, wall thickness, counterbores and hole locations and even threads.

FEATURES:

- Patented linear slide with 1" (25 mm) of gaging travel / retraction
- Measurement range up to 5" ID / 2/5" OD
- Light weight precision machined jig plate frame
- Can accommodate dial or digital indicators
- Indicator can be rotated 360 degrees to suit application

MODEL	DESCRIPTION
UG-1	Universal gage complete with standard disc contact (part #5211-2)
UG-KIT	Universal gage complete with standard disc contact (part #5211-2), ball contacts (part #5213), .25" disc contacts (part #5214), digital indicator (part #F15830) and fitted storage case
48502	Bench Stand for UG

**Indicator sold separately*
