

# SMA SERIES - ADJUSTABLE DIAMETER SETMASTER

SMA Series setmasters feature a precision ground steel rail as the rigid foundation for adjustability. These masters can be continuously reset for various dimensions or they can be set, sealed and pinned to a specific size.

\*Note: Companion to LDA, LDDA, LDLTA, LBBSA, LDR, LDB, and LDAR gages

- To order setmasters, use the following sequence to specify the desired configuration (there is no need to specify configuration for standard items)  
*Setmaster Type - Rail Size - Gaging Depth - Restrictor Width - Other Options*  
For example: SMA-24-R25 is a setmaster with 18-24" of adjustment, with .25" wide restrictor
- Optional restrictors:  
For .253" wide restrictor add R25 to part # (Used with LDR or other gages with .25" contacts)  
For .628" wide restrictor add R62 to part # (Used with LDAR, LDB or other gages with .62" contacts)
- Reversible 2" long angular anvil and restrictor set for cone and inverted cone, specify "-AA" to part #
- Roller rest guides for anvil rest plate, specify "-RR"
- Special anvil restrictor set for gage height, specify "-GH"
- Set and sealed to a specific size with NIST traceable certification, order part #SETCERT
- Set and sealed with independent party ISO 17025 compliant certification, order part #ISO17025  
*NOTE: Set and seal options require purchase of Fitted Storage Case*

MODEL #	RANGE
SMA-12	6 to 12
SMA-18	12 to 18
SMA-24	18 to 24
SMA-30	24 to 30
SMA-36	30 to 36
SMA-42	36 to 42
SMA-48	42 to 48
SMA-54	48 to 54
SMA-60	54 to 60

## SMRA SERIES SETMASTER

This setmaster has the same features and capabilities as the SMA but accommodates 4-12" of overall diameter 0-1" depth adjustment to accommodate LDRA series gages

MODEL #	INCH RANGE	METRIC (mm) RANGE
SMRA	4 to 12	100 to 300

# SMVA SERIES- ADJUSTABLE DIAMETER/DEPTH

SMVA setmasters offer the same features as the SMA Series setmasters except that they allow for vertical adjustment to accommodate various gaging depths.

\*Note: Companion to LDVA or other adjustable gages with gaging depths between 0-5". Both SMA and SMVA Series are available with storage case. Add -CASE to part number.

MODEL #	RANGE
SMVA-12	6 to 12
SMVA-18	12 to 18
SMVA-24	18 to 24
SMVA-30	24 to 30
SMVA-36	30 to 36
SMVA-42	36 to 42
SMVA-48	42 to 48
SMVA-54	48 to 54
SMVA-60	54 to 60
