

# ACCESSORIES

Part # ACC-CAB27

## HEAVY DUTY LOCKING METAL STAND

- 28.5" x 22.3" x 27"
- Laminate top
- 2 Heavy duty drawers  
5" & 11" deep
- Up to 1000 lbs. capacity

Part # ACC-16ID

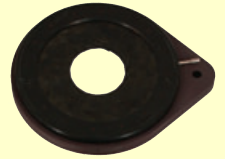

Part # ACC-16GF

Part# ACC-16PF  
Part# ACC-24/32PF

## IRIS DIAPHRAGM

- Part #ACC-16ID for 16" benchtops
- Part #ACC-24/32ID for 24" & 32" floor models
- Mounts over condenser
- Used to improve collimation and reduce

Part# ACC-24/32ID

## GREEN FILTER

- Part #ACC-16GF for 16" benchtops
- Part #ACC-24/32GF for 24" & 32" floor models
- Mounts over condenser
- Monochromatic filter increases contrast and reduces optical aberrations while reducing operator eye fatigue

## POLARIZING FILTER

- Part #ACC-16PF for 16" benchtops
- Part #ACC-24/32PF for 24" & 32" floor models
- Mounts over condenser
- Used to reduce glare on ground parts
- Improves contrast on translucent plastic

Part# ACC-24/32GF

# CALIBRATION TOOLS

## GLASS READING MASTER

- Part #ACC-ACC-MAGMM
- 3" X 16" Overall size
- 14" (360mm) metric scales
- Fitted storage box
- NIST Traceable accuracy certification

## CALIBRATION PROJECTION MASTER

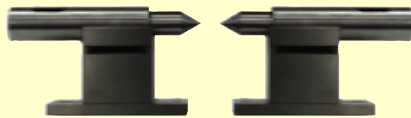

- Part #ACC-MAGPM
- Chrome targets with 6" x 3" rule
- Inch/metric graduations
- Fitted storage box
- NIST Traceable accuracy certification

## PROJECTION MASTER STAND

- Part #ACC-MAGPMF
- Designed to accurately hold and protect ACC-MAGPM during use on horizontal optical comparators
- Precision ground steel base
- Wooden storage box

# WORK STAGE TOOLING

## VERTICAL V BLOCK & CENTER (INDEPENDANT)

- Part #ACC-VVBC2.5 (set)
- 2.5" tall
- For use with vertical staging
- Precision ground steel

## FIXTURE BLOCKS

- Used to make custom fixtures
- Precision machined steel
- Available :  
1" Part #ACC-FB1  
2" Part #ACC-FB2  
3" Part #ACC-FB2  
4" Part #ACC-FB4
